

# **RULES AND REGULATIONS FOR ROSE SHOWS**

**REVIEWED April 2024**

## INFORMATION FOR EXHIBITORS

RSSA Shows shall be administered according to the following regulations and judged in accordance with The National Rose Society of Australia (NRSA) rules and standards as set out in the NRSA handbook, *Judging Roses 2024*.

*Modern Roses 12, 2015 Official List of Approved Exhibition Names for Exhibitors and Judges* and *The Official Registry and Checklist 2<sup>nd</sup> Edition – ROSA* are used to determine the description and type of a particular cultivar where listed. Those not listed are considered eligible at the judge's discretion.

The Australian Rose Championships and the State Championships will be point judged by two (2) or more Judges.

## REGULATIONS

1. All entries are free.
2. All blooms exhibited must be grown and staged by the exhibitor, except in the floral arrangement classes and community classes.
3. Exhibits must be staged by the exhibitor unless an exemption has been received from the Show Manager. This does not prohibit assistance that might be provided to beginner exhibitors.
4. Once an exhibit has been staged it must not be moved or removed by another exhibitor. The Show Manager or a nominee may supervise the movement of exhibits.
5. In classes calling for distinct varieties, the showing of duplicates either under the same name or under a different name, will disqualify the exhibit.
6. Stems or blooms must touch water.
7. Stems will be counted at the level of the top of the container or the medium used to contain them.
8. An exhibit in which an artificial aid is employed will be disqualified, except, if an exhibitor leaves a pellet in the exhibit the judge shall endorse the exhibitor's card and the exhibit will then be judged. Ten (10) for each pellet discovered will be deducted as a penalty. More than three (3) pellets in an exhibit will disqualify.
9. Wiring is only permitted in the Exhibition classes.
10. Exhibitors must obtain their entry cards from the Administration desk. Each card is marked with a class code and their exhibitor code. These cards must be placed in front of the exhibit face down. Care should be exercised in the correct placement of these cards. If they are omitted the judge *will not* consider the exhibit.
11. All blooms should be correctly named and the names should be written on the upturned side of the exhibit card. Omission of the name or incorrect naming will not disqualify an exhibit, except where this results in duplication (clause 4). Ten (10) points will be deducted where it appears that no attempt has been made to name exhibits. When the name is not known, the exhibit should be marked 'unknown'. The above does not apply to floral arrangements.
12. Unless express approval of the Show Manager has been obtained *no exhibit* will be removed from the bench until after the Show has been declared closed.
13. The judges' decisions will be final. Where a panel of judges fails to reach a decision it is the role of the Chief Judge to determine a mechanism to finalise awards.
14. Roses classified as Grandiflora may be staged in classes which specify either Hybrid Tea or Floribunda. Miniflora roses can only be shown in classes calling for Miniflora varieties unless the class details make Miniflora's acceptable.

15. All exhibits in 'Cut Flowers' classes, except where specified, must be staged in the Society's containers.
16. All exhibits to be staged separately, unless otherwise specified.

## EXPLANATION OF TERMS USED

**A Stem** is defined as an original new growth which carries one bloom or one bud and has received no check from pinching, stopping or pruning from the time of starting into growth to flowering.

Disbudding is not regarded as a check to growth under this definition. The stem should be proportionate in thickness and length to the size of the bloom it supports. Anything else is a cut, as defined below.

**A Cut** is similar to a stem (original new growth) that carries a bloom **and** a bud or buds, **or**, more than one bloom **and/or** bud or buds.

**A bud** is the unexpanded stage of a rose flower with no petals unfurling. In a 'Bud to Fully Open' exhibit (Multistage classes), colour must be showing.

**A Bloom** is defined as the expanded stage of a rose flower.

**Large Flowered Roses** includes all types with the exception of Miniature, Miniflora and Polyantha types.

**NND** means Not Necessarily Distinct cultivars, i.e. they can be all the same variety, all different varieties or a combination of same and different varieties.

**Stem and/or Cuts** means the exhibit could be any combination of stem(s) and/or cut(s).
